Main St sent me a letter asking Pres Goldberg to remove Suhlaka from the Board which I serve on and asked for my signature  
I forwarded to Meg  
This was her response

Woah! I haven't seen that but I don't disagree.

I apologize for not responding yet. It has been a very taxing week as I move through this transition. I respect you immensely and genuinely enjoy you both personally and working together professionally.

My decision to leave was not an easy one and has nothing to do with you, Goldberg, or Pam. I appreciate everything you have done for me and I am so sorry to leave franklin during this difficult time.
